

Project Design Phase-II Customer journey map

Date	14 October2022
Team ID	PNT2022TMID09631
Project Name	Personal Expense Tracker

Document an existing experience

Narrow your focus to a specific scenario or process within an existing product or service. In the **Steps** row, document the step-by-step process someone typically experiences, then add detail to each of the other rows.

 SCENARIO Add and manage expenses	 Entice How does someone initially become aware of this process?	 Enter What do people experience as they begin the process?
 Steps What does the person (or group) typically experience?	Acquaintances When friends have lot more savings than you and they got to spend money according to their budget	Family Having a family needs sufficient budget to buy their basic needs as well as take care of other expenses
 Interactions What interactions do they have at each step along the way? ■ People: Who do they see or talk to? ■ Places: Where are they? ■ Things: What digital touchpoints or physical objects would they use?	Ask friends for a good way to manage finances Either their office or their houses	Through advertisements Phone or mail or face to face
 Goals & motivations At each step, what is a person's primary goal or motivation? ("Help me..." or "Help me avoid...")	To save money To set a savings goal and spend within the set budget	Keep a through paper trail i.e. to gather up all financial documents and other valuable papers and store it digitally Use documents stored digitally to track expenses
 Positive moments What steps does a typical person find enjoyable, productive, fun, motivating, delightful, or exciting?	Collecting receipts Identify problem areas where money is spent unwantedly	Avoids debt Faster and simpler process to calculate expense
 Negative moments What steps does a typical person find frustrating, confusing, angering, costly, or time-consuming?	Setting the appropriate budget according to your savings The risk of limited accessibility	Finding the right budgeting method Stress when budget gets tight
 Areas of opportunity How might we make each step better? What ideas do we have? What have others suggested?	From income source calculate budget To meet variable expenses compensate with saved money	Improved revenue forecast Oversee and enhance cash flow of a person

 Engage In the core moments in the process, what happens?	 Exit What do people typically experience as the process finishes?	 Extend What happens after the experience is over?
